Key Features

Auto Switch Off

The auto switch off safety function deactivates the element if the cooktop surface gets too hot or being in operation for too long. It ensures the cooktop is only operated in a safe environment.

Child Lock

Child lock allows you to lock the control panel so power settings cannot be changed accidentally, offering you greater peace of mind..

Residual Heat Indicator

A light will be shown to warn of residual heat of cooking zone, ensuring big and little hands stay safe from harm.
