Key Features

Pull-out Adjustable Upper Basket

It offers significant benefits for capacity, cleaning efficiency, and loading convenience. It allows users to customize the dishwasher layout to accommodate, for example, tall wine glasses, large pots, or cutlery, optimizing space for each wash.

Child Lock

Allows you to lock the control panel to ensure little hands don't cause big accidents.

75°C Water Temperature

Maximum water temperature of 75°C provides a better washing result. It allows you to sterilize dishes and utensils at 75°C for an optimized sanitization. It is great for children or people with high level hygiene needs.
