Aesthetics

Finish:	Stainless Steel
Controls:	Electronic Controls Hidden in the Top of the Door

Key Features

Half Load

Gives you the flexibility to load your items top or bottom and wash one part only, saving you water and energy.

Cutlery Tray

Keep your all cutlery neat and tidy during a wash cycle with a hardy tray.

Flexible Basket

Every load is different. That's why we've designed a Flexible Basket option which allows you to adapt the interior and fit cutlery of all shapes and sizes - anywhere. Simply click the side levers on the top basket to lower it to accommodate things like tall glasses. Or, raise it to allow maximum space for frying pans or serving plates on the bottom drawer.

NB: Drawings are not to scale - they are to assist only.

WARNING: technical specifications and product sizes can be varied by the manufacturer without notice. Cutouts for appliances should only be by physical product measurements. The above information is indicative only.
