

Omega 60cm 8 function pyrolytic oven with 5 rack/shelf positions, a quad glazed door, safe touch and a stainless steel finish.

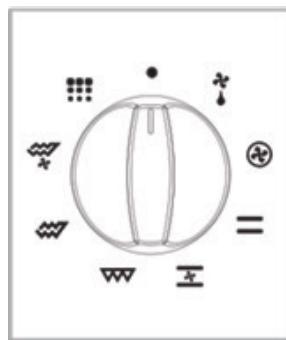

### Technical details

Oven type:	Pyrolytic	Cleaning function:	Pyrolytic
Oven category size:	60cm	Light:	Yes
Oven capacity:	70 litres	Installation type:	Hardwired; built in, under bench or wall mounted
Clock function:	Digital	Maximum current:	15amps
Timer function:	Fully programmable timer	Connection:	240V, 50Hz
Number of shelves:	2 chrome wire	Warranty:	24 months parts and labour
Number of shelf positions:	5	Made in:	Europe
Grill element:	Yes	<b>Aesthetics</b>	
Bottom element:	Yes	Finish:	Stainless steel with black glass
Fan element:	Yes	Door type/glazing:	Top opening quad glazed
Maximum cooking temperature:	250°C	Type of controls:	Knob and button controls
Baking tray:	1	Number of knobs:	2 - function and temperature
Grill pan:	No		
Grill insert:	No		
Grill handle:	No		

Cooking functions

### Dimensions/weight

Dimensions of the product (mm):	595h x 595w x 570d
Dimensions of the flush mount cut-out (mm):	598h x 598w
Dimensions of the proud mount cut-out (mm):	580h x 580w
Weight (kg):	37kg

Key features	Benefits
<b>Programmable timer</b>	A programmable timer allows you to set your oven to start cooking at a later time. All you need to do is place the food in it, set the timer and walk away.
<b>Pyrolytic</b>	Ovens with this feature use extreme heat to turn any grease and food residue into ash that can simply be wiped away.
<b>Safe touch</b>	Safe touch ovens have 3 or more layers of glass resulting in the door being safe to touch. This makes it safe for big and little hands.
